

EXPEDITION & EXPEDITION-PLUS CERTIFICATES

Expedition - journey with purpose is a one semester discipleship, service and missions program. A cohort-based experience for recent high school graduates (18-22 age range), it connects young adults with Jesus, and with real people who are already serving him in their local neighbourhoods, through various Christian ministries, or all around the world.

Expedition students discover their gifts, team and leadership principles, as well as God's invitation to surrender life choices to him. All of this happens in the context of serving the urban poor (Ontario & USA), seminars from ministry leaders, retreat service opportunities, and engaging in mission across the world (most recently Thailand). The final 6 weeks of program takes place on a cross-cultural missions trip. During the program all Expedition students live full-time in residence unless they are travelling with the team; and are actively involved in student and community life within the context of the College. Students also have the option of making Expedition a full-year experience by taking Expedition-Plus which adds an in-class semester of foundational courses to their program.

Please Note: Application Deadline for Expedition and Expedition – Plus is May 1st. However, consideration may be given to late applications up to June 1st.

Objectives

The student who completes the program should demonstrate:

1. Personal integrity and a renewed commitment to Christ.
2. An expanded understanding of Scripture and culture.
3. A greater awareness of gifting and calling as it pertains to ministry.
4. A growing knowledge and experience of various spiritual disciplines.
5. Compassion and of solidarity with a broken and hurting world.
6. A deep desire to engage in God's mission wherever he calls them in the world.

Career Path

Students completing this program will have developed new spiritual depth and leadership skills along with extensive interaction with a variety of ministries. This will help them determine the next step to which God is calling them. This may include further study at Emmanuel or other colleges and universities. The credits earned can be used towards a degree or diploma at Emmanuel.

Coordinator

TBD

Notes

Admission to and continuance in this program are at the discretion of the program coordinator and the College admissions committee. Supporting documents, including a completed program questionnaire and additional references, may be required.
