

# **CLASS CANCELLATIONS DUE TO INCLEMENT WEATHER**

## **Information for Faculty, Staff & Students**

### **Class Cancellations:**

Since the majority of students live in residence on-campus or nearby, the College does not usually cancel classes during snowstorms or other inclement weather.

However, it is the right of faculty, staff and students who live at a distance to decide if travelling to a College class during severe weather would be unsafe or unwise (based on media reports and a call to the College or Academic Dean). On such occasions, students will be given an excused absence upon request to the instructor or Academic Dean.

### **Closure of College:**

In severe conditions, the Academic Dean and the President may decide to close the College. In such a case, a message will be placed on the College answering machine immediately and posted on Populi. To check on Populi, just go to your student account, click on the “Home” tab and then on “Dashboard”. Notification of closure will appear under the “Feed” heading. If possible, the College will try to contact faculty directly. Closures due to weather will be broadcast on local radio stations: 570 News AM, CHYM 96.7 FM, and Faith FM 94.3 FM, and can be checked at [www.570news.com](http://www.570news.com) under “Extreme Weather Centre”.

### **These and Other Emergency Notifications:**

Any emergency communication will also be sent directly to staff and students via their cell phones **if** they have subscribed to the emergency notification SMS system on Populi. If you have not already done so, please subscribe to the emergency SMS system on Populi. For instructions on how to do this, see: <https://vimeo.com/38453819>.
